Answer Key Food And  
Agriculture*

The food we eat comes from an agricultural system that impacts prices we pay for food, wages paid to workers, the taxes we pay and the quality of our food and at the most basic level, the capacity to have enough food to eat. Agriculture is a big part of Europe's GDP, and it plays an essential role in our culture and landscape.

## Food And Agriculture

Concept Review  
Agriculture there is little food or nutrition, but availability of food from agriculture doesn't ensure good nutrition. Common sense would dictate a reinforcing relationship between the two fields of agriculture and nutrition but, in fact, there is often a significant disconnect.
