"So. Dang. Good! This book is deliciously twisted and soooooo dirty. Definitely a must read. This series is one of my favorites." ~ Lindsey/The Smutbrarians There are many reasons to jump off a bridge, but Rylee Sutton only needs one. Her husband's betrayal. Just before she leaps, she receives an email from a stranger. The boy's message is meant for his dead girlfriend, but his anguish speaks to Rylee. It saves her life. Over the next decade, Tomas Dine continues to email his dead girl. As he evolves from a teenager into a hardened, vicious criminal, Rylee is there, reading every intimate word. He doesn't know she exists. When she comes forward, he despises her, his cruelty unforgivable. But she doesn't back down. In a carnal battle of punishment and passion, hatred dominates. Until he loses her. Amid looming danger and unsolved murders rises a devotion forged in strife. Love is lethal in his ruthless world. To survive it, they must fight for answers—and each other. In 1896 a massive Ethiopian army routed an invading Italian force and brought Italy's conquest of Africa to an end. In defending its independence, Ethiopia cast doubt on the assumption that all Africans would fall under the rule of Europeans, and opened a breach that would lead to the continent's painful struggle for freedom from colonial rule.

The pity of the heavens had allowed her to return to the age of sixteen. In her previous life, she had been a weak and lowly person that everyone could bully. was definitely a disaster.

Long before Mexico, Colombia, and Afghanistan became notorious for their contributions to the global drug traffic, Lebanon was a special target of U.S. drug agents for harboring the world's greatest single transit port in the international traffic in narcotics. In the words of one American official, "certain of the largest traffickers are so influential politically, and certain highly placed officials so deeply involved in the narcotic traffic, that one might well state that the Lebanese Government is in the narcotics business." Using previously secret government records, *The Lebanese Connection* uncovers for the first time the story of how Lebanon's economy and political system were corrupted by drug profits—and how, by financing its many ruthless militia, Lebanon's drug trade contributed to the country's greatest catastrophe, its fifteen-year civil war from 1975 to 1990. In so doing, this book sheds new light on the dangerous role of vast criminal enterprises in the collapse of states and the creation of war economies that thrive in the midst of civil conflicts. Taking a regional approach to the drug issue, Jonathan Marshall assesses the culpability of Syria, Israel, and of Palestinian factions and other groups that used Lebanon as their battleground. On the international level, he documents Lebanon's contribution to the hard drug problem of major consuming countries, from the days of the "French Connection" through the "Pizza Connection," as well as Lebanon's unrivaled place in the global hashish market.
