It's easier to figure out tough problems faster using Chegg Study. Unlike static PDF Principles Of Corporate Finance 11th Edition solution manuals or printed answer keys, our experts show you how to solve each problem step-by-step. No need to wait for office hours or assignments to be graded to find out where you took a wrong turn.

Brealey, Principles of Corporate Finance 13e describes the theory and practice of corporate finance. We hardly need to explain why financial managers must master the practical aspects of their job, but we should spell out why down-to-earth managers need to bother with theory. Throughout this edition, the authors demonstrate how managers use financial theory to solve practical problems. They also explore what financial managers should do to increase company value.

Get Free Brealey And Myers Principles Of Corporate Finance 6th Edition

Some of the biggest changes in this edition were prompted by the tax changes enacted in the U.S. Tax Cuts and Jobs Act passed in December 2017.

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers.

This new international edition provides increased coverage of the procedures for estimating the cost of capital, expanded coverage of risk management techniques and the use and misuse of derivatives, and additional coverage of agency problems.

Designed for courses in corporate finance taught at the MBA and undergraduate level, this edition retains its practice of integrating theory and application through a writing style that both students and professors can appreciate.

Takes you inside the fundamental question of how a corporation invests its capital and values its assets. This book introduces you to the subject's often-conflicting objectives and outlines ways in which you can satisfy those objectives, while ensuring that all areas of a corporation operate under one consistent set of financial rules.

Fundamentals of Corporate Finance, by Brealey, Myers and Marcus, provides students with a solid framework of theory and application to use well after they complete the course. This author team is known for their outstanding research, teaching efforts, and world-renowned finance textbooks, so it's no surprise that they provide clear exposition of difficult material without sacrificing up-to-date, technically correct treatments. And with the Ninth Edition, McGraw-Hill's Connect® empowers students by continually adapting to deliver precisely what they need, when they need it, and how they need it, so your class time is more engaging and effective.

This guide gives students a complete learning resource. It includes solutions to all Practice Problems and Challenge Problems from the text, an introduction to each chapter, key concepts, examples, chapter summaries, and chapter exercises with solutions.
