Speakers use their hands to point to locations, to represent content and to comment on ongoing talk; they position their bodies to show their orientation and stance in interaction; they use facial displays to comment on what is being said; and they engage in mutual gaze to establish intersubjectivity. This volume brings together studies by leading scholars from several fields on gaze and facial displays, on the relationship between gestures, sign, and language, on pointing and other ...

UTTERANCE. In other words, it is a VISIBLE BODILY ACTION that is recognized as a meaningful component in communication. In order to explicate the ways in which visible actions are recognized as gesture, he reports an experiment showing that the prototype of a gesture is a movement of deliberation, and that speak-

construction of utterances.

~~Gesture : visible action as utterance (Book, 2004 ...~~

Gesture can be a natural form of expression or may be shaped by cultural codes. "For an action to be treated as a gesture it must have features that make it stand out as such." [5] He believes speech and gesture can combine to form utterances or a combination of movements that communicates meaning. Thus, it appears that a gesture must be noticed by a receiver in order for it to be considered a gesture.

~~gesture - University of Chicago~~

A gesture is a form of non-verbal communication in which visible bodily actions communicate particular messages, either in place of speech or together and in parallel with spoken words. Gestures include movement of the hands , face , or other parts of the body .

~~Gesture - Welcome to World Mime Organisation~~

A gesture is a form of non-verbal communication or non-vocal communication in which visible bodily actions communicate particular messages, either in place of, or in conjunction with, speech. Gestures include movement of the hands, face, or other parts of the body. Gestures differ from physical non-verbal communication that does not communicate specific messages, such as purely
