Depression and Social Identity: An Integrative Review ...

In recent years, there has been a renewal of interest in the processes through which groups coordinate social perceptions and judgement. This topic is particularly important for the study of stereotyping, as most of the impact of stereotypes derives from the fact that they are widely shared within social groups.

Li 7 La 3 Zr 2 O 12 (LLZO) solid-state electrolyte is garnering interest due to its potential to enable solid-state batteries (SSBs) using metallic Li anodes. However, Li metal propagates along LLZO grain boundaries at high Li plating current densities (above the critical current density, CCD). In the present study, we examined whether microstructural aspects, such as grain size, could ...
