NEW YORK TIMES BESTSELLER • NEW YORK TIMES EDITORS' CHOICE • READ WITH JENNA BOOK CLUB PICK AS

FEATURED ON TODAY • In this moving debut novel, two estranged siblings deal with their mother's death and her hidden past—a journey of discovery that takes them from the Caribbean to London to California and ends with her famous black cake. “At turns delightfully juicy and then stunningly wise, *Black Cake* is a winner.” —Taylor Jenkins Reid, New York Times bestselling author of *The Seven Husbands of Evelyn Hugo* and *Daisy Jones & The Six* **ONE OF THE MOST ANTICIPATED BOOKS OF 2022**—*Glamour*, *Bustle*, *Marie Claire*, *Essence*, *Parade*, *Business Insider*, *Town & Country*, *Vulture*, *PopSugar*, *W* magazine, *BookPage* In development as a Hulu original series produced by Marissa Jo Cerar, Oprah Winfrey (Harpo Films), and Kapital Entertainment We can't choose what we inherit. But can we choose who we become? In present-day California, Eleanor Bennett's death leaves behind a puzzling inheritance for her two children, Byron and Benny: a traditional Caribbean black cake, made from a family recipe with a long history, and a voice recording. In her message, Eleanor shares a tumultuous story about a headstrong young swimmer who escapes her island home under suspicion of murder. The heartbreaking tale Eleanor unfolds, the secrets she still holds back, and the mystery of a long-lost child, challenge everything the siblings thought they knew about their lineage, and themselves. Can Byron and Benny reclaim their once-close relationship, piece together Eleanor's true history, and fulfill her final request to “share the black cake when the time is right”? Will their mother's revelations bring them back together or leave them feeling more lost than ever? Charmaine Wilkerson's debut novel is a story of how the inheritance of betrayals, secrets, memories, and even names, can shape relationships and history. Deeply evocative and beautifully written, *Black Cake* is an extraordinary journey through the life of a family changed forever by the choices of its matriarch.

The focus of this publication is on answering the central research question: How can Human Rights be advanced with regard to different kinds of diversities, and in different educational settings? The publication pays special attention to the advancement of human rights in a variety of education-related contexts, in keeping with human rights as a declared national priority for both society at large and the education system. One strategic priority of the Faculty of Education is research based on market requirements and needs. This book strives towards meeting this expectation by directly aiming at building human rights and social justice in the South African society, public schools and higher education institutions. Adjudication in the education context of the constitutional values of dignity, equality and freedom focusses regularly on learners. The book highlights the value of education for full-fledged citizenship by delineating what schooling should entail to inspire learners towards both claiming equal freedoms and rights and taking accountability for the responsibilities attached to citizenship.

This book provides a coherent and conceptual portrayal of aspects of the theological research theme, entitled *Ecodomy* (literally meaning to ‘build a house’). In its figurative meaning the term *Ecodomy* addresses the theme, ‘life in its fullness’. This fullness of life entails a polarity which is inherently part of life, namely its brokenness and its wholeness. From various theological disciplines, namely Old Testament Studies, New Testament Studies, Systematic Theology, Church History and Practical Theology, both the brokenness and wholeness are addressed theologically. Every chapter focuses on a specific theological discipline, while the combination of theological disciplines, addresses the brokenness and wholeness of life as coherent concept. One pole does not exclude the other. Brokenness is visible in current or recent very relevant societal challenges, such as racism and xenophobia, apartheid, foreignness and exclusivism, leadership crises and violence. In contrast, wholeness is embedded in themes such as the African concept of ubuntu, a life of faith and wisdom, reconciling leadership, or transforming space and community. Ultimately, a Greek term ???????? (persistence) is connected to the

meaning of Ecodomy and ' life in its fullness ' . Several methodologies have been used in the different contributions of the book. Every theological discipline applies a different methodology for the purpose of exposing a specific topic or research theme. In general, the contributions in this book follow a combination of a literature study with the further application of diachronic and synchronic exegetical methods. In addition, single contributions follow an own hermeneutical approach. Not one single contribution, but a combination of different theological disciplines, which form the concepts of brokenness and wholeness (life in its fullness), which expose the polarity of life, are included in this book. In its exposed interdisciplinary interwovenness, the book provides a tapestry of how different theological disciplines are combined into a single theme and how they contribute together by means of theological analyses and attempted building blocks to build the broken ' houses ' of societal structures or human life. The book contributes to selected aspects of broken life in society and the healing experiences of human life. Several themes touch on recent and relevant challenges which have contributed to the brokenness of life. Not only in South Africa, but globally these are currently relevant themes. They include realities of racism and xenophobia, apartheid, foreignness and exclusivism, leadership crises and violence. With the focus on wholeness, specific attention is given to the African concept of ubuntu, a life of faith and wisdom, reconciling leadership, and transforming space and society. A Greek term ???????? (insolence as ' in keeping on asking ' – Lk 11:8) illuminates the theme of Ecodomy from the perspective of a parable. The target audience of the book is academic scholars and theologians, who specialise in the different fields of Theology, the Humanities and other Social Sciences. Furthermore, the book is also accessible to scholars of other academic disciplines outside these disciplines. The book contains original research and contributions have not been plagiarised from publications elsewhere.

Antimicrobial Stewardship (AMS), Volume Two includes the experience of ESGAP workshops and courses on antibiotic stewardship since 2012. It combines clinical and laboratory information about AMS, with a focus on human medicine. The ESCMID study group on antibiotic policies (ESGAP) is one of the most productive groups in the field, organizing courses and workshops. This book is an ideal tool for the participants of these workshops. With short chapters (around 1500 words) written on different topics, the authors insisted on the following points: A ' hands on ' , practical approach, tips to increase success, a description of the most common mistakes, a global picture (out- and inpatient settings, all countries) and a short list of 10-20 landmark references. Focuses on the most recent antimicrobial stewardship strategies Provides a detailed description of laboratory support Offers a balanced synthesis of basic and clinical sciences for each individual case, presenting clinical courses of the cases in parallel with the pathogenesis and detailed microbiological information for each infection Describes the prevalence and incidence of the global issues and current therapeutic approaches Presents the measures for infection control
