learning and the variety offers learning experiences for all types of learners (visual, kinesthetic, and auditory). Additionally, the design of the lab exercises makes them easily adaptable for distance learning courses.

This is a lab manual for a college-level human anatomy course. Mastery of anatomy requires a fair amount of memorization and recall skills. The activities in this manual encourage students to engage with new vocabulary in many ways, including grouping key terms, matching terms to structures, recalling definitions, and written exercises. Most of the activities in this manual utilize anatomical models, and several dissections of animal tissues and histological examinations are also included. Each
