"In this entertaining, sexy debut, Allie is a sharp Stephanie Plum paired up with a hot partner... The original voice, humor, and unusual premise will appeal to Janet Evanovich readers." —Library Journal **STARRED** review *Lonely and broke, Cleveland divorce-survivor Allie Harper believes all her problems would be solved if she could find a nice, smart, hot guy and enough money to get her car fixed. The hot guy arrives first: he's in a crosswalk clutching a bag of groceries while a blonde in a Hummer is leaning hard on her horn, sending the man's groceries and white cane flying. How has this woman missed the fact that the man is blind? From the curb, an outraged Allie jumps to his rescue, rebagging the groceries as well. The money is in the bag. Literally—Thomas Bennington III, for that's who the handsome guy proves to be, has bought a MondoMegaJackpot ticket along with canned tomatoes. Allie takes him home and turns his groceries into dinner for two. Later that night, Tom hears the numbers announced. He's won. And he's less than thrilled. PhD Tom had gambled on the odds of losing (175 million to one) to prove a point to Rune, a kid from the projects he's befriended, that only losers buy lottery tickets. Instead, Rune, who'd helped pick the Mondo numbers, will share Tom's jackpot. Allie and Tom grasp two things: one, they're hot for each other, and two, the ticket is a hot target, and now so are they. Every scheming weasel in Cleveland will be after Tom's millions. \$550 of them. Yes, once the Mondo ball drops, it's game on with killers and kidnapers as players. Allie and Tom need to get smarter about the threats all around them. On the run from one fancy hotel refuge to another and from one danger moment to the next, with only Allie's feisty landlady, Margo, and a couple of Cleveland cops for back-up, Allie and Tom evolve a strategy. First, turn in the ticket and claim the jackpot. Second, set up accounts to manage the millions. Third, stay alive to the end of the week...if they can. Too Lucky to Live debuts a talented writer in Annie Hogsett and a couple in Allie and Tom, a modern Nick and Nora Charles, who can power a compelling, amusing series with an excellent future. Somebody's Bound to Wind Up Dead series: Too Lucky to Live (Book 1) Murder to the Metal (Book 2) The Devil's Own Game (Book 3) Praise for Annie Hogsett: "Fast pacing, multiple plot twists, and humor, including a Stephanie Plum-like main character, enliven the story and keep the pages turning." —Booklist for Too Lucky to Live "The bittersweet mystery, with the open-ended threat of a villainous mastermind, is reminiscent of P.J. Tracy's early 'Monkeewrench' novels." —Library Journal for Murder to the Metal*

Charter schools have emerged as one of the central policy debates in U.S. education - and the Thomas B. Fordham Institute team has been a key participant in this debate since day one, both nationally and in Ohio. Despite President Obama's call for states to strengthen the charter sector and widen the options it provides to needy youngsters, established interests in education and politics oppose this disruption of the status quo. Ohio has struggled with these issues for more than a decade, struggles in which the authors of this book have played influential - and controversial - roles, including that of an actual authorizer of charter schools. They write from wide experience on the ground as well as extensive research and nationally-respected policy expertise.

Money. Gobs of it. In the blink of an eye - or the drop of a ball— it's all yours. Everyone dreams about striking it rich by winning a lottery. We all feverishly line up to purchase our tickets, and watch TV or scan the newspapers to see if we have won, even though the odds are better that we will be struck by lightning. Still, we perservere, because no matter what else happens this week, you can be sure that someone, somewhere, will win the big one. Lotteries are an unparalleled popular phenomenon. But what happens after the winners are revealed, and the checks have been issued? How does winning a lottery change one's life? Luck of the Draw profiles past winners of big lotteries, and how their windfall impacted their lives, mostly for the better, but interestingly sometimes for the worse, such as the case of a Florida widow who won \$5 million in 1984; three years later, she lost her mansion and fancy cars, and owed the IRS \$500,000 for back taxes. Eventually she was arrested for trying to hire a contract killer to take out her daughter-in-law, whom she blamed for her lottery misfortune. The book also depicts the past, present and future of lotteries in North America and the world over, and includes a special chapter on the revived phenomenon of big-time TV game show winners. Who wants to be a millionaire? Seemingly, everyone. In a country where eighty percent of adults have played a lottery, creating a multi-billion dollar industry, Luck of the Draw is an insightful inside look at lotteries, its winners, and its losers.

When my parents began writing "life stories" in their writing group, I figured a few good stories would make it onto paper. Well, they did – followed by many, many more than I ever imagined. The family history that emerged makes for exciting and revelatory reading. From the family roots in Scotland and England, to the shores of Connecticut, then westward to Indiana, the family grew and flourished. The adventures and travels of the Lynch and Cook families span World Wars, cross thousands of miles, and yielded hundreds of photographs. This book will captivate you with its fascinating twists and turns, and with its tales of love and devotion. It is, indeed, a feast of a book.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Where Luck Meets Trust, Miracles Can Happen Christy Haviland served eight months in prison, giving birth behind bars to the child of the man who put her there and might yet destroy her. Now she's free again, but what does that mean? As smart as she is, a learning disability has kept her from learning to read. And that's the least of her hurdles. Georgia Ferguson, talented educator, receives a mysterious charm bracelet that may help her find the mother who abandoned her at birth. Does she want to follow the clues, and if she does, can reticent Georgia reach out for help along the way? Both women are standing at a crossroads, a place where unlikely unions can be formed. A place where two very different women might bridge the gap between generations and education, and together make tough choices. Somewhere between the townships called Luck and Trust, at a mountain cabin known as the Goddess House, two very different women may even, if they dare, find common ground and friendship.
