Technology Boxes highlight new technology, such as artificial intelligence, that is becoming more essential to diagnosis and treatment in the healthcare field.

"Acquiring Medical Language, 3e, approaches medical terminology not as words to be memorized but as a language to be learned. If you treat medical terminology as a language and learn how to read terms like sentences, you will be able to communicate clearly as a health care professional and will be a full participant in the culture of medicine. Memorizing definitions is equal to a traveler memorizing a few phrases in another language to help during a brief vacation: it will help a traveler survive for a few days. But if one is going to
