□A classic novel of both feminism and the Civil Rights movement□ in 1960s Atlanta by the Pulitzer Prize□winning author of *The Color Purple* (Ms.). As she approaches the end of her teen years,

Read Book Meridian

Meridian Hill has already married, divorced, and given birth to a son. She's looking for a second chance, and at a small college outside Atlanta, Georgia, in the early 1960s, Meridian discovers the civil rights movement. So fully does the cause guide her life that she's willing to sacrifice virtually anything to help transform the conditions of a people whose subjugation she shares. Meridian draws from Walker's own experiences working alongside some of the heroes of the civil rights movement, and the novel stands as a shrewd and affecting document of the dissolution of the Jim Crow South. This ebook features an illustrated biography of Alice Walker including rare photos from the author's personal collection.

"The fulfilled renown of Moby-Dick and of As I Lay Dying is augmented by Blood Meridian, since Cormac McCarthy is the

Read Book Meridian

worthy disciple both of Melville and Faulkner," writes esteemed literary scholar Harold Bloom in his Introduction to the Modern Library edition. "I venture that no other living American novelist, not even Pynchon, has given us a book as strong and memorable." Cormac McCarthy's masterwork, *Blood Meridian*, chronicles the brutal world of the Texas-Mexico borderlands in the mid-nineteenth century. Its wounded hero, the teenage Kid, must confront the extraordinary violence of the Glanton gang, a murderous cadre on an official mission to scalp Indians and sell those scalps. Loosely based on fact, the novel represents a genius vision of the historical West, one so fiercely realized that since its initial publication in 1985 the canon of American literature has welcomed *Blood Meridian* to its shelf. "A classic American novel of regeneration through violence," declares Michael Herr.

"McCarthy can only be compared to our greatest writers."

Sixteen-year-old Meridian has been surrounded by death ever since she can remember. As a child, insects, mice, and salamanders would burrow into her bedclothes and die. At her elementary school, she was blamed for a classmate's tragic accident. And on her sixteenth birthday, a car crashes in front of her family home-and Meridian's body explodes in pain. Before she can fully recover, Meridian is told that she's a danger to her family and hustled off to her great-aunt's house in Revelation, Colorado. It's there that she learns that she is a Fenestra-the half-angel, half-human link between the living and the dead. But Meridian and her sworn protector and love, Tens, face great danger from the Aternociti, a band of dark forces who

capture vulnerable souls on the brink of death and cause chaos.

Meridian Township began as a collection of small pioneer communities. Pine Lake was the largest body of water in Ingham County, and Native tribes camped along its shores and cut a trail along the west side of the lake. White pioneers appeared in 1836 and began to turn the thick forests into viable farmland. In the late 19th century, James Haslett helped establish a community focused on the practices of spiritualism. The new Haslett Park community hosted a summer camp for believers, and the little Pine Lake community was renamed Haslett and the lake to Lake Lansing. The village of Okemos began as a settlement along the Red Cedar River, the major waterway south of Lake Lansing. The area was the seasonal campsite for Chief Okemos and

Read Book Meridian

his Chippewa and Ottawa followers. The community was originally named Sanford after the first white settler, renamed Hamilton after Andrew Hamilton, and finally to Okemos in honor of the old chief who died in the 1850s.

On her sixteenth birthday, Meridian Sozu is whisked off to her great-aunt's home in Revelation, Colorado, where she learns that she is a Fenestra, the half-human, half-angel link between the living and the dead, and must learn to help human souls to the afterlife before the dark forces reach them.

Meridian Sozu is a Fenestra—the half-human, half-angel link between the living and the dead. She has the dark responsibility of helping souls transition safely into the afterlife. If people die without the help of a Fenestra, their souls are left vulnerable to be stolen by the

Aternocti, a dark band of forces who disrupt the balance of good and evil in the world and cause chaos. Having recently lost her beloved Auntie—the woman who showed her what it meant to be a Fenestra—Meridian has hit the road with Tens, her love and sworn protector, in hopes of finding another Fenestra. Their search leads them to Indiana, where Juliet, a responsible and loving teenager, works tirelessly in the nursing home where she and several other foster kids are housed. Surrounded by death, Juliet struggles to make a loving home for the younger kids, and to protect them from the violent whims of their foster mother. But she is struggling against forces she can't understand . . . and even as she feels a pull toward the dying, their sickness seems to infect her, weighing her down. . . . Will Meri and Tens find Juliet in time to save her from a life of misery and illness? And

Read Book Meridian

will Meri and Tens' own romance weather the storms of new discoveries?

Based on incidents that took place in the southwestern United States and Mexico around 1850, this novel chronicles the crimes of a band of desperados, with a particular focus on one, "the kid," a boy of fourteen

Moore takes to the air to document the High Plains of North Dakota, South Dakota and Nebraska in a series of stunning, large-format photographs. The "meridian" of the title refers to the 100th meridian, the longitude that neatly bisects the US and has long been considered the dividing line between the East and West. The photographs interweave two stories: the myths and history of the vast, severe American High Plains alongside portraits of the people who live there today.

Read Book Meridian

Generally considered the least lively and most bleak of casts, gray is the taint of vagueness and uncertainty. Marking the threshold region where luminous life seems suspended but death has not yet darkened the horizon, it belongs to an evasive and evanescent world, carrying the tint of smoke, fog, ashes, and dust. As the ambiguous space of thought and remembrance where things blend and blur, gray measures the difference between distance and proximity, shading into tinges of hesitation, hues of taciturnity, tones of time past and lost. Thus it may also be the spectral medium of literature itself—that grainy gas of language. Written with a lead pencil akin to those found in Nabokov, Rilke, Svevo, Poe, and Dickinson, *The Gray Book* chronicles the vicissitudes of such equivocal articulation—registering the graphite traces

Read Book Meridian

it leaves behind but also recording the dwindling span of its life. The book situates itself in a region beyond criticism but this side of literature, characterized by forgetting and finitude, and investigating important yet seemingly inaccessible "gray areas" in texts as old as those of Homer, and as recent as those of Beckett. Loosely arranging these literary finds according to a revision of the four elements, *The Gray Book* distances itself from tradition and treats not water but tears, not fire but vapor, not earth but grain, not air but clouds. The narrative thus construed, proceeding in the meandering movements of volatile thought rather than in the prudent steps of a treatise, appears gradually affected by its subject. Themes and facts previously confined to the realm of quoted texts leak into the narrative itself. The border between fiction and fact slowly dissolves as the book approaches

Read Book Meridian

the curious void that the author locates at the heart of "gray literature." Shaped by an omnipresent though increasingly unreliable narrator, *The Gray Book* may thus ultimately yield a poetics cast in the form of a ghost story.

□ A subtle and powerful tale of Mars, movies, and Mexico City which stands amongst the best novellas of the past few years. □ Jonathan Strahan, *Locus* Amelia dreams of Mars. The Mars of the movies and the imagination, an endless bastion of opportunities for a colonist with some guts. But she's trapped in Mexico City, enduring the drudgery of an unkind metropolis, working as a rent-a-friend, selling her blood to old folks with money who hope to rejuvenate themselves with it, enacting a fractured love story. And yet there's Mars, at the edge of the silver screen, of life. It awaits her.
