"No Surrender" tells the story of a Japanese Army lieutenant inserted into the Philippines late in WW2-with orders to fight as a guerilla. Lt. Onoda never realizes WW2 is over and continues on his "mission" until 1974-30 years! Any information from the outside world is dismissed as an American trick to get him to surrender.

Upon first hearing that he did not surrender until 30 years after he first came to the island, I wondered why he had not killed himself as many of his contemporaries had when faced with defeat in their perverse interpretation of Bushido. Some may call it blind-obedience to orders. I call it devotion to duty.

[No Surrender by Hiroo Onoda | Audiobook | Audible.com](#)

During the 30 years that Onoda had remain hidden on Lubang island, he and his men had killed at least 30 Filipinos and had wounded approximately 100 others. After formally surrendering to Philippine President Ferdinand Marcos, Marcos pardoned Onoda for his crimes while in hiding.

In the spring of 1974, Second Lieutenant Hiroo Onoda of the Japanese army made world headlines when he emerged from the Philippine jungle after a thirty-year ordeal. Hunted in turn by American troops, the Philippine police, hostile islanders, and successive Japanese search parties, Onoda had skillfully outmaneuvered all his pursuers, convinced that World War II was still being fought and that one day his fellow soldiers would return victorious. This account of those years is an epic tale of the will to survive that offers a rare glimpse of man's invincible spirit, resourcefulness, and ingenuity. A hero to his people, Onoda wrote down his experiences soon after his return to civilization. This book was translated into English the following year and has enjoyed an approving audience ever since.

Holding out in the Philippine jungle for 30 years, 2nd Lt. Hiroo Onoda became a hero in Japan when he emerged from hiding in 1974 after fighting World War II's longest and loneliest battle. "No Surrender" is his first-person account. 47 photos. 13 line drawings.

The Imperial Japanese Army deployed hundreds of thousands of Japanese soldiers across the islands across the Southwest Pacific. As the Allied island-hopping campaign encircled Japan, thousands of Japanese soldiers were cut off from their command and were presumed killed-in-action. Faced with a desperate decision between dying in suicidal charges and going into hiding, most Japanese soldiers chose suicide. The holdouts, on the other hand, chose to live, even if that meant suffering deprivation, hardship and shame. Most of the holdouts gradually emerged from hiding during the late 1940s and 1950s. A few holdouts—the most famous of the lot—only came down from the mountains ten to thirty years after the war. The legacy of the holdouts is a complicated one. It would easy to dismiss men like Yokoi, Onoda and Nakamura as fanatic soldiers, or simply deluded men. That simply was not the case, as this book will show.

Richard's cousin is missing, and his best hope of finding her rests with the wily, one-eyed, ex-governor of Florida. Carl Hiaasen introduces his iconic character Skink to a younger audience in this nail-biting adventure! A National Book Award Longlist Selection Classic Malley: her parents are about to ship her off to boarding school, so she takes off with some guy she met online... Poor Richard: he's less of a rebel than Malley, and a lot less trusting. He knows his cousin is in trouble before she does. Wild Skink: he's a ragged, one-eyed, ex-governor of Florida, and enough of a renegade to think he can track Malley down. With Richard riding shotgun, this unlikely pair scour the state, undaunted by blinding storms, crazed pigs, flying bullets, and giant gators. In Carl Hiaasen's outrageous, hilarious, and wildly dangerous state of Florida, there are a million places an outlaw might stash a teenage girl. A million unpleasant ways to die. And two who will risk everything to rescue a friend. . . and to, hopefully, exact a bit of swamp justice.

The history of surrender is one of the most neglected in the history of war, and yet it is vital to understanding not only how wars end but also how they are contained. This is a book with a chronological sweep that runs from the Stone Age to the present day, written by a team of truly distinguished scholars.

In 1978, Jerry Boykin joined what would become the world's premier Special Operations unit, Delta Force. The only promise: "A medal and a body bag." What followed was a .50 caliber round in the chest and a life spent with America's elite forces bringing down warlords and war criminals, despots, and dictators. In Colombia, his task force hunted the notorious drug lord Pablo Escobar. In Panama, he helped capture the brutal dictator Manuel Noriega, liberating a nation. From Vietnam to Iran to Mogadishu, Lt. General Jerry Boykin's life reads like an action-adventure novel. Boykin's powerful story will keep you riveted as he reveals how his military duty worked in tandem with his faith to bring him through the bloody storms of foreign battle-and through the political firestorm that ambushed him in his own country.

In the tradition of #1 New York Times bestsellers like Unbroken, Boys on the Boat, and Band of Brothers, No Surrender is an unforgettable story of a father's extraordinary acts of valor in World War II and a son's thrilling journey to discover them?an epic narrative of bravery, compassion, and faith. Like most members of the Greatest Generation, Roddie Edmonds, a humble American soldier from East Tennessee, rarely spoke about his experiences during World War II. Not even his son Chris knew the full details of Roddie's capture at the Battle of the Bulge or his captivity at Stalag IXA, a Nazi POW camp. But when Chris's daughter was assigned a family history project, Chris reread Roddie's wartime diaries, which set in motion a series of life-changing events. Called to learn his father's story with a renewed sense of passion and purpose, Chris embarked on a years-long journey, interviewing surviving POWs under Roddie's command, and retracing his father's footsteps, from Fort Jackson, South Carolina, where a boyish Roddie transformed into a seasoned leader of men, to the patch of grass near Ziegenhain, Germany, where he stared evil in the eye and dared a Nazi to shoot. Along with New York Times bestselling author Douglas Century, Chris Edmonds takes us to the front lines of this inspiring multigenerational story, revealing in gripping, novelistic detail Roddie's previously untold heroism--and the lasting effects his bravery had on the lives of thousands, then and now. "What's most remarkable about my journey to discover what my father did in the Second World War," Chris writes, was "the realization that any one of us has the untapped potential to do something incredibly courageous. . . . We all have the potential to change the world simply by standing up for what's right." A shining example of the transformative and redemptive power of moral courage, No Surrender is a celebration of faith, family, and service--the very characteristics that define us today. --James Bradley, New York Times bestselling author of Flags of Our Fathers

" WWII scholar John Kelly triumphs again " (Vanity Fair) in this remarkably vivid account of a key moment in Western history: The critical six months in 1940 when Winston Churchill debated whether England should fight Nazi Germany—and then decided to " never surrender. " London in April, 1940, is a place of great fear and conflict. The Germans have taken Poland, France, Holland, Belgium, and Czechoslovakia. The Nazi war machine now menaces Britain, even as America remains uncommitted to providing military aid. Should Britain negotiate with Germany? The members of the War Cabinet bicker, yell, and are divided. Churchill, leading the faction to fight, and Lord Halifax, cautioning that prudence is the way to survive, attempt to usurp one another by any means possible. In Never Surrender, we feel we are alongside these complex and imperfect men, determining the fate of the British Empire, and perhaps, the world. Drawing on the War Cabinet papers, other government documents, private diaries, newspaper accounts, and memoirs, historian John Kelly tells the story of the summer of 1940. Kelly takes readers from the battlefield to Parliament, to the government ministries, to the British high command, to the desperate Anglo-French conference in Paris and London, to the American embassy in London, and to life with the ordinary Britons. We see Churchill seize the historical moment and ultimately inspire his government, military, and people to fight. Kelly brings to life one of the most heroic moments of the twentieth century and intimately portrays some of its largest players—Churchill, Lord Halifax, Hitler, FDR, Joe Kennedy, and others. Never Surrender is a fabulous, grand narrative of a crucial period in World War II and the men and women who shaped it. " For lovers of minute-by-minute history, it ' s a feast " (Huffington Post).
