Great advice for everyone, but particularly appealing to those who are taking stock of what they want to do with the rest of their lives, Flippen's approach is surprisingly simple. When we learn how to identify our "personal constraints" and take the necessary steps to correct self-limiting behaviors, we will experience a dramatic surge in productivity, achieve things we have only dreamed of, and find greater happiness overall. Flippen has created a simple process to help readers find their greatest constraint (the results may be surprising!) and build a plan to help "flip" that weakness into a newfound strength.

Over 200 presentations were delivered in 68 different sessions, both in English and Italian, on topics related specifically to the theme and also more general CALL topics. 94 of these were submitted as extended papers and appear
